

Polestar 4 SUV

Polestar 4 SUV

Straighter roofline. Full-length rails. Glass overhead, and glass at the rear. Where the coupé leans back, the SUV stands tall. The improved loading area and increased height add room and improve utility without compromising performance.

Performance

Rear or all-wheel drive, power moves through a chassis tuned to engage. As with every Polestar before it, Polestar 4 SUV is engineered to make electric power feel natural in daily driving and alive when it matters. Confidence and control, in all conditions. Balanced for power, agility, and response.

Acceleration from 0 to 100 km/h

Up to 22kW, from 0 to 100%

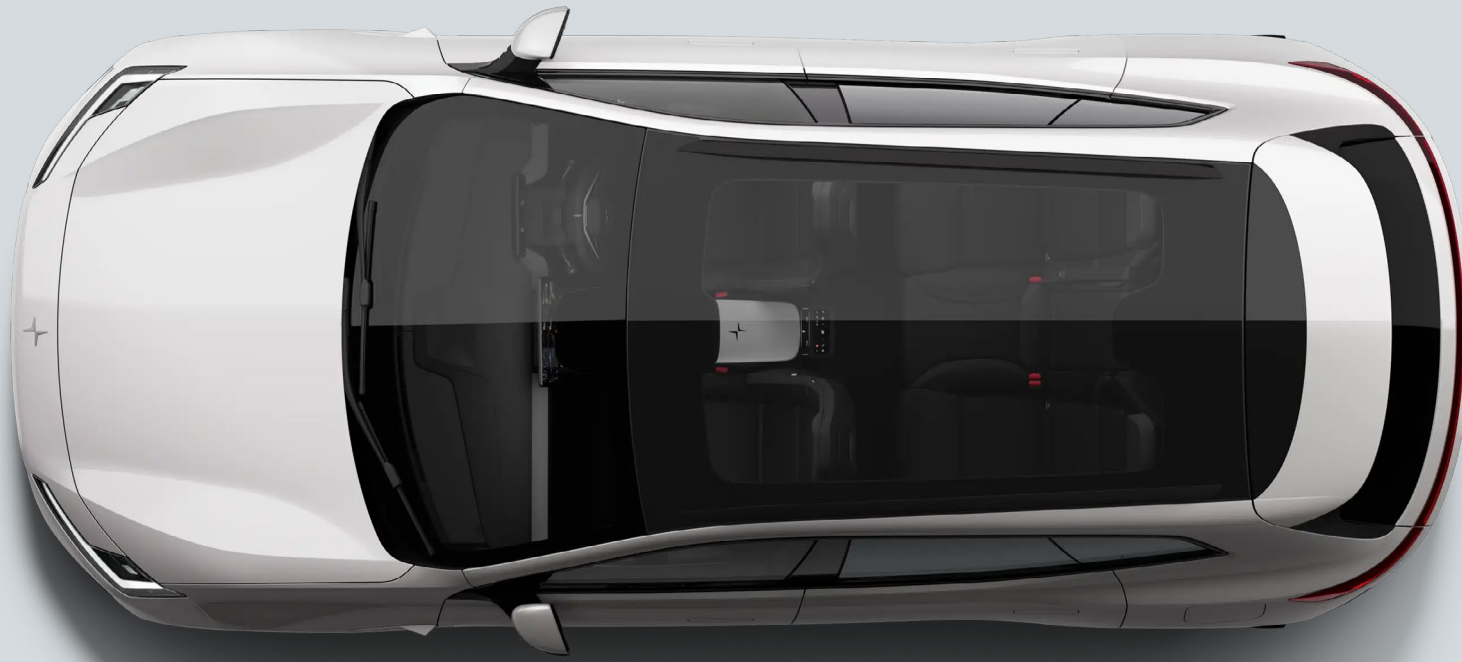

5.5 hrs

15.4" Landscape screen
Featuring standard Google Gemini, Google Maps, and Google Home integration.

Solar system-inspired interior illumination
The ambient light line orbits around all occupants and can be customised with different planetary themes to suit light conditions and mood.

Panoramic roof
Arching above all passengers from front to rear, the generous panoramic glass roof floods the interior with light.

Model Year 2027 (MY27)

Outer design

Aerodynamics worked into a shape that carries more. Rear blades, a completely flat floor, and a low sporty front protect electric range in a car this tall. Up to 630 km (WLTP).

Pixel LED headlights
Individually controlled Pixel LEDs that automatically adapt to the surroundings. Available as an option.

Rear view
Glass rear window at the hatch. The rear-facing HD camera is an available option in the configurator.

Added space, improved utility
The Polestar 4 SUV cargo holds 655 litres up to the inner roof.

Inner space

Polestar 4 SUV delivers generous space, front and rear. An illuminated light line and tactile materials wrap the cabin, drawing everyone into the same space. The second row reclines, with head and legroom to spare. Up front, a landscape display runs Android Automotive OS with Google built-in and a wide selection of in-car apps for the ride.

Mist Tailored knit.

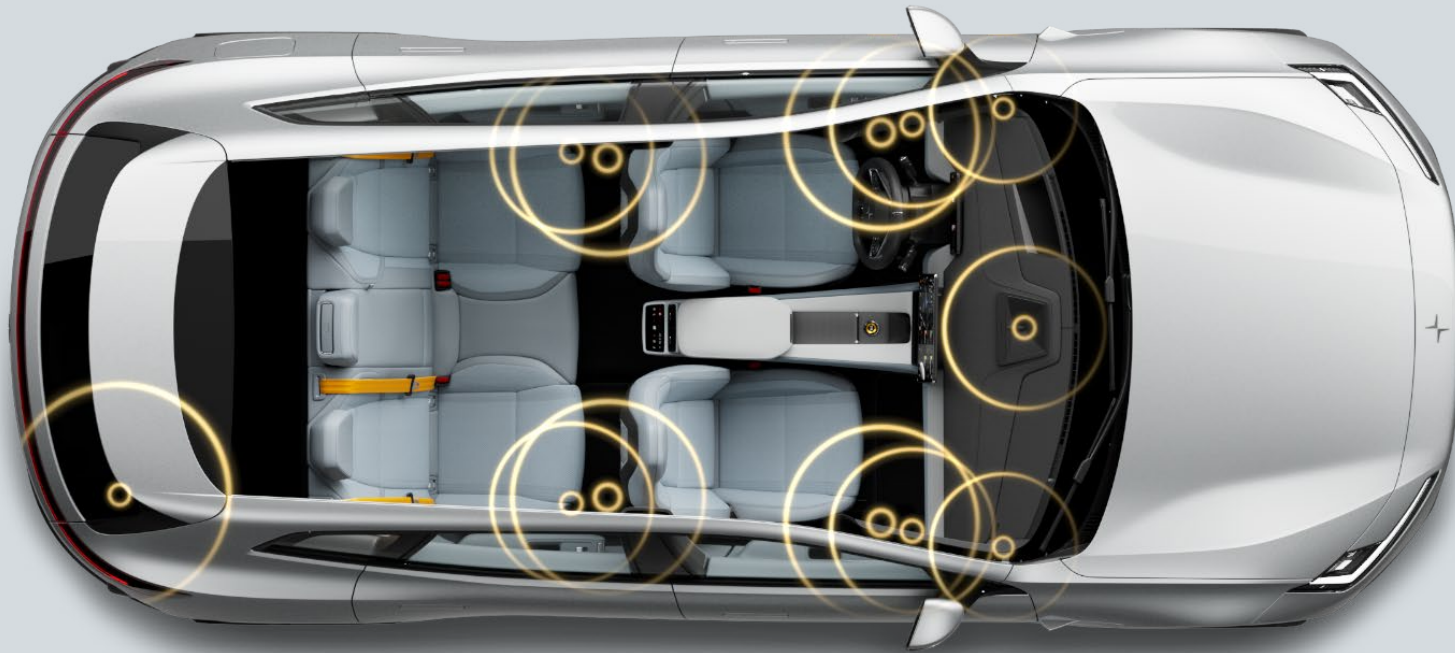

Zinc Bridge of Weir leather.

Charcoal Bio-attributed MicroTech.

Charcoal Bridge of Weir leather.

**Sound system**

Harman Kardon Premium Sound elevates the audio experience in the Polestar 4. With 16 interior speakers and producing 1400W via a channel-hybrid amplifier, the system delivers unparalleled clarity, pitch and power. Immerse yourself in a world of precision-tuned sound that enhances every moment of your journey.

In the cabin

Spacious interior with reclining seats both front and rear. The taller roof adds 25 millimetres of headroom compared to the coupé version.

Light and tactile materials

Every passenger is naturally drawn into the same interior space.

Offer structure

From launch, Polestar 4 SUV comes with a wide set of available options. Select the extensive Prime pack, or choose between single packs: Pilot pack, Plus pack and Comfort pack. The Performance pack adds special tuning, Swedish gold details to the upholstery and driver-engaging upgrades. Complete the configuration by deciding on wheels and interior/exterior combination.

Safety

Safety is part of the Polestar DNA. Polestar 4 holds a 5-star Euro NCAP rating, and advanced Driver Assistance Systems (ADAS) enhance road safety, protecting drivers, occupants, and life outside the car. Powerful systems take passive and active safety to the next level using cameras and sensors to warn or intervene if necessary. Advanced eye-tracking technology detects possible signs of distraction, fatigue, or illness.

Charging solutions

Reliable charging is essential when owning an electric vehicle. Adding Polestar to your fleet includes solutions for both home (Polestar Energy) and public charging (Polestar Charge), making the experience effortless.

Benefits

- One app. One card.
- Plug and Charge.
- Over 1,000,000 charging points.
- Discounted charging at home and abroad.
- Save up to 30% on DC and HPC charging.

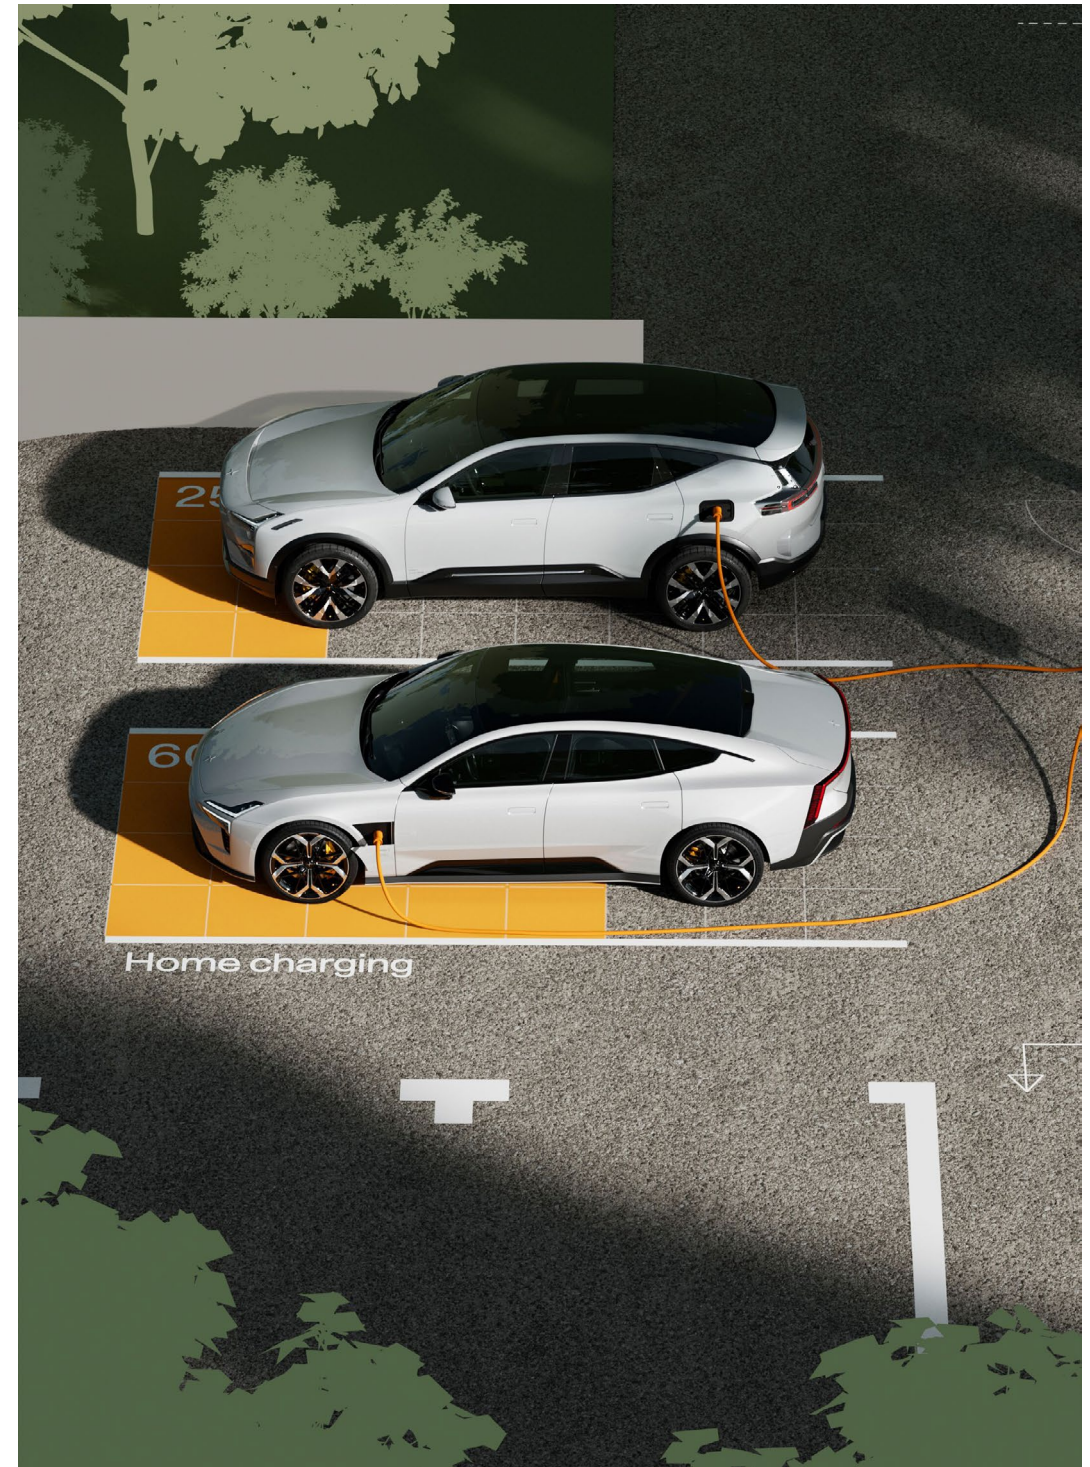

Polestar Charge

One integrated solution for public charging with access to over 1,000,000 charging points across Europe. Polestar Charge provides seamless access to leading charging partners, no multiple apps or payment methods required. An optional subscription offers exclusive charging discounts with selected providers. Savings apply from the first charge, with the flexibility to cancel at any time.

Zaptec
Supported by Polestar Energy, with Wi-Fi smart charging and exclusive Polestar Extras offers.

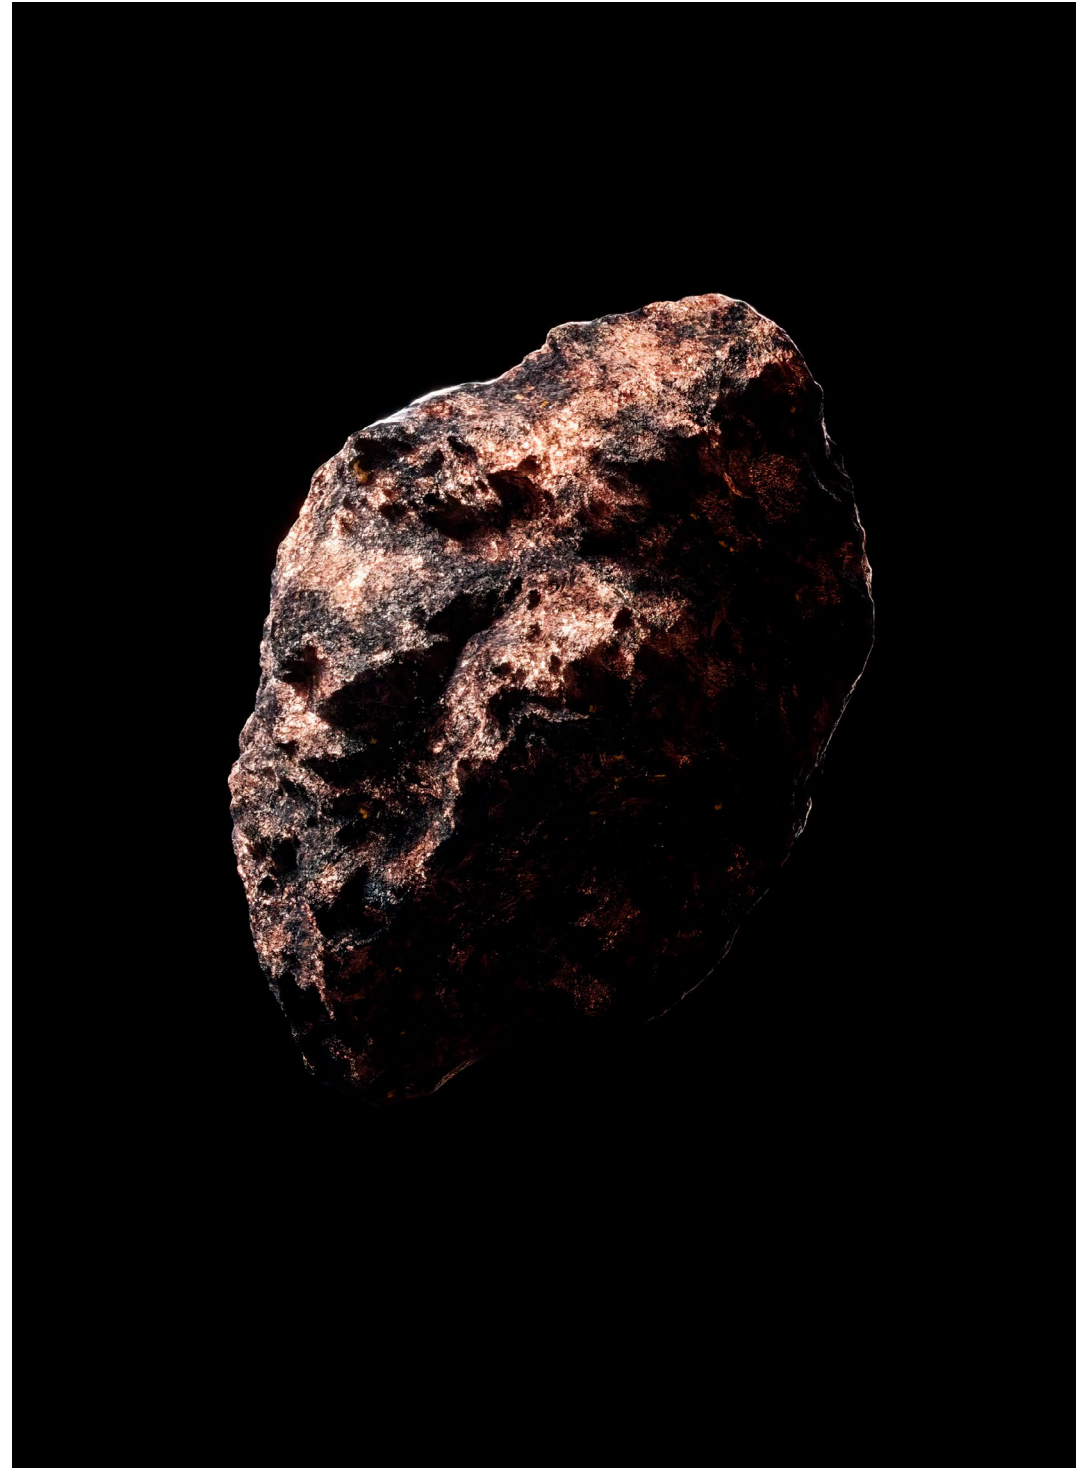

Polestar Energy

Reduce charging costs with smart home charging. Polestar Energy, combined with Zaptec and Intelligent Octopus Go, allows you to schedule departure times and charge levels via the Polestar Energy app, optimizing charging for cost-effective, renewable energy.

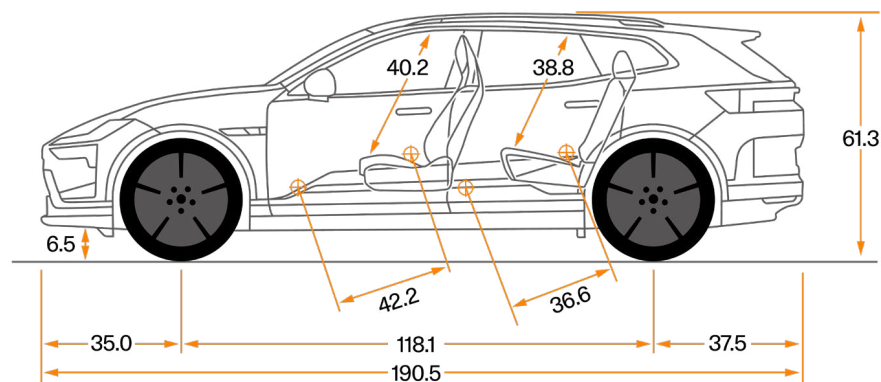

Next-level sustainability

Polestar 4 takes everything Polestar has learnt in improving sustainability and continues to build on it. In fact, it claims the highest mix of recycled, recyclable, and sustainable materials of all Polestar cars to date.
